

Welcome to Browne George Ross LLP

Our Mission is Simple: We Solve Problems.

Founded in 1985 by Allan Browne, who also founded the Association of Business Trial Lawyers (ABTL), BGR has tried hundreds of cases to verdict. In the past five years alone, we have won verdicts for our clients totaling in the hundreds of millions of dollars. We have also successfully defended clients at trial against a variety of claims. And although we are ready, willing, and able at any time to take a case to trial, we recognize that our clients at times are best served in negotiating a resolution of their dispute, which we do for them on a routine basis, both prior to and during litigation.

Our mission is simple: We solve problems. Whether counseling a client, litigating a case, or going to trial, we strive for excellent results. Delivering the highest quality legal representation means being tough, creative, practical, efficient and thrilled to now be in New York. You will be thrilled to have us there too.
